MAKES AN APPEAL FOR FINAL EFFORT

Chairman Oates, of Anti-Saloon League, Urges Active Work, and Declares Victory Won.

[Special to The Times-Dispatch.] RALEIGH, N. C., May 19.—In an open letter to the temperance forces of the State, Chairman John A. Oates, of the State Anti-Saloon League, emphasizes the fact that the State prohibition campaign has just entered upon the last week, and that while, as he declares, prohibition will win, and the enemy will be driven out of the field, it is yet so far from quitting the field that the last days and the fiercest and bitterest of the whole fight. He says, "They know we have won, yet they hope now in one terrible cyclonic campaign, acting in the open where it will do, secretly where money plan is best, corruptly where money will count by misrepresentation and lying, wherever they can impose upon the ignorant, by fair means or by foul, as may best suit their purposes, and with a belated energy and ferocity, in which they hope to smite our people unawares, they are doing work in desperation to reduce our majority to a point where the minority will be able to us in the future. Temperance men of North Carolina, they must not succeed!" He appeals that prohibitionists match their vigor against that of the anti-prohibitionists—their zeal and resourcefulness against that of the anti-prohibitionists. He appeals for the more week of unwavering action. He declares that eyes of the nation are on North Carolina, and every friend of temperance must do his duty.

Speaks Against Prohibition. [Special to The Times-Dispatch.] SALISBURY, N. C., May 19.—Rev. W. N. Wasson, hailing from New York City, addressed a large gathering of citizens in the courthouse here last night in opposition to prohibition. The meeting was one of the first held by the anti-prohibitionists, and the speaker was heard with much interest and enthusiasm. He declared that prohibition was a thing new in these parts. He discussed the measure to be voted upon May 26th, claiming that it deprives North Carolina of their liberty; that it is a political movement, that prohibition does not prohibit, and that prohibition has been a failure wherever tried. Many dry voters went to hear Mr. Wasson in order to acquaint themselves with the argument of the opposition movement. Some meeting is to be followed by other meetings of a similar character.

He, with another young man from Durham, was serving a sentence on the chain gang on conviction of breaking in and robbing a freight car, in attempting to escape Moore was shot in the chest. EIGHT BISHOPS WILL BE CHOSEN

Methodist Conference Decides Upon This Number After Long Debate.

BALTIMORE, MD., May 19.—The Methodist Episcopal General Conference was thrown into a hot debate by the presentation to-day of the report of the committee on the episcopacy, which recommends that ten new bishops be elected. Ultimately the conference decided that the number should be eight, but this decision was arrived at only after an hour and a half of discussion of the report and amendments thereto which were offered. One of these was to make the number twelve, and another aimed to make it six, as recommended in the address of the bishops, but its conclusion to elect eight was finally arrived at. The report of the committee pronounced all the present bishops effective, the only retirement being that of Bishop J. M. Thoburn, of India, at his own request.

An avowed giver Bishop Thoburn upon the announcement of his retirement and Bishop Thoburn's prediction of an early union of the Methodist Episcopal and Methodist Protestant Churches were incidents of the day.

The book committee to-day decided by an almost unanimous vote to recommend to the conference that the book business of the conference be combined in a single city and placed under the direction of a board of twenty-five managers, ministers and laymen, these to serve eight or twelve years each. The report will also recommend that the periodicals of the General Conference be published in Cincinnati.
